

Return and Earn NSW Local Government Network Volumes Report

Local councils are vital partners in shifting community attitudes to litter and recycling and ultimately the success of Return and Earn, the NSW container deposit scheme.

Many councils across New South Wales are making it easy for their community to Return and Earn by hosting return points in their area. They're not just providing convenient locations; they're also actively encouraging locals to get involved and sharing the refund from containers collected

through kerbside recycling to funnel back into their communities, contributing to the continued success of the scheme.

Input your community's container volume into our [Return and Earn Impact Calculator](#) to discover the water, energy and landfill savings, and CO2 emissions avoided from your community's participation.

Table 1: LGA collections by material as at 17 November 2024 (In count)

Note: The data in the table below includes the cumulative volumes collected at all return points in each LGA since 1 December 2017.
